

Safety Data Sheet

Acc. to directive (EC) 1907/2006

Trade Name: Trap for clothes moths
Revision date: 31.07.2015
Print date: 03.05.2019
Version: 06

1. Identification of the Preparation and the Company

Product Name

Pheromone trap for clothes moths (Tineola bisselliella)

Use of the Preparation

Glue trap for monitoring of common clothes moths (Tineola bisselliella)

Supplier

Fort Products Limited

Address

Unit 16 Euro Business Park
New Road, Newhaven, East Sussex
BN9 0DQ, United kingdom

Contact for technical information

office@fortproducts.o.uk

Phone/Fax/E-Mail

+44 (0) 1273 911400

Emergency telephone number + 44 (0) 1273 911400

02. Hazards Identification

Classification of the substance or mixture

Not a dangerous preparation according to Regulation (EC) No 1272/2008 as amended

Label elements

No label elements according to Regulation (EC) No 1272/2008 as amended

Other hazards

None

03. Composition/Information on Ingredients

Chemical characterisation

Glue layer containing attractant, coated on cardboard-carrier and covered with protective paper.

Hazardous components

The product does not contain any substance classified as hazardous in concentrations which should be taken into account according to EC directive.

Substances with limits according to EC directive

None.

04. First Aid Measures

General information

If used as intended, no health damage to be expected.

Inhalation

No information available.

Skin contact

In case of long-term skin exposure obtain medical attention.

Eye contact

Remove contact lenses. Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. In case of eye irritation consult specialist.

Ingestion

No information available.

Advice to doctor

No information available.

05. Fire-fighting Measures

Suitable extinguishing media

No special measures necessary. All known extinguishing media can be used.

Extinguishing media which must not be used for safety reasons

None.

Special exposure hazards arising from the preparation itself or combustion products

None.

Special equipment for fire fighters

None.

Additional information

Fire residues and contaminated fire fighting water must be disposed of in accordance with local regulations.

06. Accidental Release Measures

Personal precautions

None.

Environmental precautions

None.

Methods for cleaning up/taking up

Take up mechanically and collect in suitable container for disposal.

Additional information

None.

07. Handling and Storage

Precautions for safe handling

None.

Precautions for flammability and explosion hazards

None.

Other advice

None.

Conditions for safe storage

Store in cool and dry place. Avoid temperatures exceeding 30° C.

Requirements on rooms and containers

None.

Specific end use

Monitoring of contamination with clothes moths.

08. Exposure Controls/Personal Protection

Occupational exposure limits

None.

Exposure Controls

Appropriate engineering controls

General industrial hygiene practice

Individual/Personal protection measures

Respiratory protection

No personal respiratory protective equipment normally required.

Skin/Hand protection

No personal skin/hand protection normally required.

Eye protection

No personal eye protection normally required.

General protective measures

None.

Environment exposure controls

See section 6. No specific additional measures required.

09. Physical and Chemical Properties

Appearance

Form:

Solid

Colour:

Glue layer transparent, Carrier brown/white

Odour:

Neutral

Properties

Vapour pressure:

(50°C)

Not determined

Relative density:

(20°C)

Not determined

Solubility in water:

(20°C)

Not soluble

Entopest Clothes Moth Pheromone (Tineola bisselliella)

pH value:	Not determined
Melting point:	Not determined
Boiling point/range: (1013 hPa)	Not determined
Flash point:	Not determined
Auto-ignition temperature:	Not determined

10. Stability and Reactivity

Chemical Stability

Stable at normal conditions.

Conditions to avoid

Do not expose to temperatures above 100° C.

Materials to avoid

None.

Hazardous decomposition products

None.

11. Toxicological information

Toxicity data

No data available.

Acute toxicity

No data available.

Information on ingredients

None.

12. Ecological Information

Ecotoxicity

No data available.

Mobility

No data available.

Persistence and degradability

No data available.

Bioaccumulative potential

No data available.

Determination of PBT properties

No data available.

Other adverse effects

No data available.

13. Disposal Considerations

Residual waste/Waste disposal method

Small amounts to be disposed of in domestic waste, large amounts in special waste in accordance with local regulations.

Waste code

20 01 01

14. Transport Information

Road or rail transport acc. to ADR/RID

Not classified as dangerous goods.

Sea transport acc. to IMDG

Not classified as dangerous goods.

Air transport acc. to ICAO-TI and IATA-DGR

Not classified as dangerous goods.

15. Regulatory Information

Safety and health regulations

Safety evaluations of the materials contained in the preparation have been conducted. The preparation does not contain substances classified as hazardous to health in concentrations which should be taken into consideration according to EC directive.

Labelling

The product does not require to be specifically labelled with respect to EC directives and does not require a hazard warning label in accordance with EC directives.

EC directives

The product corresponds to EC directives relevant for such preparation.

National regulations

Water pollution class (Germany): not water contaminating

16. Other Information

End use

The information provided in this Safety Data Sheet represent our best knowledge, information and belief at the date of publication. They do not represent a guarantee of product properties and do not establish a contractual relationship.
